The nature of the contest is taken from ancient tradition of Shastra Shikshan Paddhati of India where student has to have the whole text with its commentary in his memory and is expected to

narrate and explain from the point revealed by a "Rajat Shalaka". The aim of this tough contest is to revive the tradition as well as to sharpen memory of student.

During the year 2009-10, the contest was organised at Rashtriya Sanskrit Sansthan (Deemed University) in Jaipur Campus, Puri. The panel of judges adjudged the State of Karnataka at first position.

8.3 SHASTRA CHUDAMANI SCHEME

Scheme for utilization of services of Eminent Literary Scholars in Campuses of the Sansthan, Adarsh Sanskrit Pathashalas and other State Government run Sanskrit Colleges and Voluntary Sanskrit Organisations.

Objective

The object of the scheme is to preserve the indepth study of various shastraic subjects in Sanskrit at the various centres where traditional system of Sanskrit education is being imparted to students. While in the ancient days, the system of education envisaged a full time association of the teacher and taught for a period of about 12 years minimum and they had enough time to cover the various intricate Shastraic subjects in all details and the students had the opportunity to acquire mastery over particular subject in a comprehensive manner. In the recent past, the modern system of education, having prescribed syllabus for a limited period with selection from text-books, has influenced the Sanskrit education system as well and as a result even Sanskrit subject where students are supposed to have specialised at the post graduate level, due to shortage of time available, there is no scope for teaching the higher texts in detail and in full. As a result the products of this system, though they are quite proficient in the basic tenets of their subjects are lacking in indepth and exhaustive knowledge of the higher treatises written in these subjects.

Soon after they passed out of the post-graduate level, domestic needs compel them to enter into a bread winning avocation. Out of such post-graduated we are now to recruit young teachers and Lecturers and though they are very much interested in pursuing their studies further, they dont have the facilities to do so in the institutions where they are employed as a result, while these Lecturers efficiently

fulfil their part of coaching their students for their respective examinations, they are not attending that eminence in their respective branches which their predecessors, 2 or 3 decades ago, were able to achieve. Their academic interest should not be exploited and their scholarly lacunae should be removed so that they will be better equipped to serve the cause and will be able to produce a generation of students who will be really mastering the respective subjects.

In order to achieve this objective, there are fortunately for us, a few old scholars still alive and physically and mentally alert and they may be usefully utilised for a few more years. They are not necessarily scholars with any university degree or qualifications but still they are masters in their own fields and there would not be any compunction on the part of the young teachers to study under their feet. They will be also adding to the academic atmosphere of the institution and will be readily available to clear the doubts of both the teachers and the taught.

Implementation

Under this scheme, not more than two scholars in each of the Campuses of the Rashtriya Sanskrit Sansthan, Adarsh Sanskrit Pathshalas, Sanskrit Universities and one scholar in established Sanskrit Colleges run by the State Govt. or substantially financed by the State Govt. and Voluntary Sanskrit Organisation are normally appointed. Such appointments are made on recommendations of Grants in Aid Committee consisting of the experts on the basis of applications received through the concerned institution. **Separate Audit Report of the Comptroller & Auditor General of India on the
Accounts of Rashtriya Sanskrit Sansthan for the year ended
31 March 2010**

We have audited the attached Balance Sheet of Rashtriya Sanskrit Sansthan (RSS) as at 31 March, 2010 and the Income and Expenditure Accounts/Receipts and Payment Account for the year ended on that date under Section 20(1) of the Comptroller and Auditor General's (Duties, Powers & Conditions of Service) Act, 1971. The audit has been entrusted for the period upto 2012-13. These financial statements are the responsibility of the Sansthan's management. These financial statements include the accounts of 10 units of RSS. Our responsibility is to express an opinion on these financial statements based on our audit.

2. The Separate Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observations on financial transaction with regard to compliance with the law, rules & regulations (Propriety and Regularity) and efficiency-cum-performance aspects etc. if any, are reported through Inspection Report/CAG's Audit Report separately.
3. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidences supporting the amounts and disclosure in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by managements as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.
4. Based on our audit, we report that:
 - (i) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (ii) The Balance Sheet and Income & Expenditure Account/Receipts & Payments Account dealt with by this report have not been drawn up in the format prescribed by the Government of India, Ministry of Finance.
 - (iii) In our opinion, proper books of accounts and other relevant records have been maintained by the Rashtriya Sanskrit Sansthan, in so far as it appears from our examination of such books.
 - (iv) We further report that:
 - A. Balance Sheet**
 - A.1 Assets**
 - A.1.1 Investment**

The Government of India Ministry of Finance vide Notification No.5-88/2006-EPR dated 14.8.08 had prescribed the pattern of investment to be followed for provident fund

investments. However the RSS had deposited the whole amount of Provident Fund of Rs. 14.69 crore only in term deposits in banks.

A.2 Liabilities**A.2.1 Understatement of liabilities by Rs. 1.71 Crore**

Liability of Rs. 1.71 crore on account of Pension Fund had been included in 'Excess of income over expenditure' in the liability side of the Balance Sheet. The depiction is not as per accepted Accounting Principle.

B Accounting policy

The Sansthan had not disclosed its 'Significant Accounting Policies' and 'Notes on Accounts.'

C. General

C.1 The Sansthan had prepared its account on cash basis instead of accrual basis which is not in conformity with the Common Format of Accounts for Autonomous Bodies prescribed by Ministry of Finance.

C.2 GPF Account - The GPF account of RSS do not represent the true assets and liabilities of RSS on account of the following irregularities:-

- 1) GPF account in respect of Mumbai campus was not received at RSS headquarters in the absence of which the transaction of the campus during the year 2009-10 had not been incorporated in the consolidated Balance Sheet of GPF.
- 2) Interest of Rs. 99.66 lakh on GPF subscription (excluding in respect of Lucknow campus for which no amount was made available) which was due to be paid to the subscribers for the year 2009-10 has neither been credited to the subscribers accounts nor any provision for the same has been made resulting in understatement of liabilities and assets by like amount.
- 3) The Capital Fund in the Balance Sheet of GPF has not been worked out from the basic records on the basis of total liability towards the subscribers i.e the total subscriptions received from the subscribers, interest paid/ payable to the subscribers, adjustments of advances and withdrawals etc. Instead the total of the investment and the bank balances has been taken as the Capital Fund.
- 4) The interest earned on the GPF investment during the year is transferred from the GPF account to the main account and treated as Income of Sansthan and similarly the interest due to the subscribers for the year is debited as expenditure in the main account, which is not a correct practice. The transactions of GPF account should not be merged with the main account. The surplus/ deficit in the GPF account should be reflected separately in GPF Balance Sheet.

During the year 2009-10 interest of Rs. 1.89 crore has been transferred to the main account from the GPF account against which amount of Rs. 0.34 crore has been booked as expenditure in the main account as 'interest on GPF subscription'. This resulted in overstatement of income & surplus in the main account by Rs. 1.74 crore.
- 5) An embezzlement of Rs. 11.99 lakh (tentative figure) had occurred in the Mumbai campus of RSS during the year 2008-09. Out of this the Sansthan had shown an amount of Rs.

6.28 lakh under the head “Suspense Account” in the Balance Sheet while the remaining amount of Rs. 5.71 lakh relating to GPF had not been shown in the accounts. During the year Rs. 1.00 lakh were recovered and has been shown in the Receipts and Payments Account and Balance Sheet. Further investigation in this regard was still to be completed.

C.3 New Pension Scheme- Sansthan had neither prepared Receipts & Payments account nor Balance Sheet for the year 2009-10 in respect of New Pension Scheme (NPS), in the absence of which the opening and closing balance of cash book, true liabilities and assets of NPS could not verified in audit.

D. Grant-in-aid

During the year 2009-10, the Sansthan received a total grant of Rs. 85.10 crore (Plan: Rs. 48.92 crore and Non Plan: Rs. 36.18 crore) from the Government of India, Ministry of Human Resource Development out of which Rs. 15.10 crore (Plan: Rs. 11.92 crore and Non-Plan: Rs. 3.18 crore) was received in the month of March 2010. It also generated its own receipts of Rs. 3.89 crore (Plan: Rs. 0.61 crore and Non-Plan: Rs. 3.28 crore). Out of the total fund of Rs. 88.99 crore, the sansthan utilised Rs. 93.45 crore (Plan: Rs. 53.88 crore and Non-Plan: Rs. 39.56 crore).

The excess expenditure under plan amounting to 4.35 crore was due to the depreciation charged to the fixed assets since inception and was met from the unspent balance of previous year and its own income.

E. Management Letter : Deficiencies which have not been included in the Audit Report have been brought to the notice of the Registrar, Rashtriya Sanskrit Sansthan through a management letter issued separately for remedial / corrective action.

v. Subject of our observations in the preceding paragraphs, we report that the Balance Sheet and Income and Expenditure Account/Receipts and Payments Account dealt with by this report are in agreement with the books of accounts.

vi. In our opinion and to the best of our information and according to the explanations given to us, the said financial statements subject to the significant matters stated above and other matters mentioned in Annexure to this Audit Report give a true and fair view in conformity with accounting principles generally accepted in India:

a. In so far as it relates to the Balance Sheet, of the state of affairs of the Rashtriya Sanskrit Sansthan as at 31 March 2010; and

b. In so far as it relates to Income and Expenditure Account of the deficit for the year ended on that date.
