As a result of opening of N.F.S.E. centers throughout India, people have become familiar with Sanskrit and cultural heritage of India. People from all castes and communities of the society evinced great zeal for learning Sanskrit. Grand inauguration and valedictory functions were organised at various centers. Study material of Prathama Diksha & Dwitiya Diksha prepared by Rashtriya Sanskrit Sansthan was the main base of teaching Sanskrit at their respective centers. The students have regarded this study material as excellent. Certificates of participation were awarded at the end of the Prathama/ Dwitiya Diksha to those students who had either attended minimum 75% of their classes or who had passed the examination conducted by their local centers.

These Non-Formal Sanskrit Education centers were not only conducted in cities and metropolitan cities of the country, but they were also conducted in remote small villages, small towns, inaccessible areas of Jammu & Kashmir and North-East states. Sanskrit teachers had to come from far-off places also. The results are very pleasant and amazing.

Non-Formal Sanskrit Education centers were also conducted in Universities, Colleges (Degree College), Inter Colleges, High and Higher Secondary Schools, Junior High Schools, Public Schools and Voluntary Organisations throughout the country.

For the proper functioning of these centers; one State Coordinator was nominated in each State who received proposals regarding centers, centre coordinators and teachers from respective states. Sanction for conducting centers was also accorded by the Sansthan on receiving direct proposals from various Institutions.
